

CALL FOR INTERNATIONAL STUDENTS ACADEMIC YEAR 2022/2023

The “Collegio Universitario Gregorianum” (Residence Hall) derives from the “Gregorianum Foundation”, governed by a Board whose statutory Chairman is the Bishop of the Diocese of Padua. The Bishop appoints five members of the Board, including the President, currently *ing. Massimo Malaguti*, who heads the Board and is the managing director of the Foundation. The Bishop also assigns a diocesan priest as ecclesiastical assistant to the “Gregorianum” community. The Board instead appoints the Director of the “Gregorianum”.

The “Gregorianum” aims at a shared university life experience with the aim of achieving an organic training of the person and valid professional competences, with a peculiar focus on the freedom of the individual and on the value of culture at the service of other people.

The “Gregorianum”, therefore, is not a simple place of hospitality, but commits the students - as well as to an exemplary fulfilment of the academic duties - to a personal, cultural shared work, oriented to vocational training and to the expansion of the cultural and spiritual dimension.

SERVICES AND FACILITIES

The “Gregorianum” has beds in private single rooms with bathroom (monthly rent: € 550 half board treatment; € 610 full board) and beds in double rooms with bathroom (monthly rent: € 450 half board treatment; € 510 full board).

The full board treatment gives right to meals in the refectory inside the residence hall (open from Monday at breakfast to Saturday at lunch), lodging from the beginning of the autumn exam session till the end of the summer exam session. The half board treatment includes only the breakfast and the dinner from Monday to Friday.

The canteen can deal with particular dietary needs or intolerances.

Cooking in the rooms or in other common spaces is not allowed. A small kitchen (with all the necessary equipment: sink, stove, fridge, microwave oven etc.) can be used by the students when the cafeteria is closed (weekends and holidays). Another option is to go to ESU cafeterias.

The personnel clean rooms once a week. Students are requested to bring their own bed-sheets and towels.

Gregorianum also provides sport courts (basketball, and a brand-new artificial grass tennis/soccer field), library, com-

puter room, internet Wi-Fi in all rooms, TV room, gym, pool table. Washing machine and ironing equipment are available, too.

Most departments are quite close to the Gregorianum (10 minutes by bike); and two bus lines stop (line 6 and 13) very close to the residence.

SCHOLARSHIPS

- ❑ “Gregorianum” does not provide internal scholarships to students who already receives another scholarship (Erasmus, International Cooperation and other University programs).
